Waterproof In-line
Solder Joiners

Pk 25 / Blister Pack

www.narva.com.au

DESCRIPTION

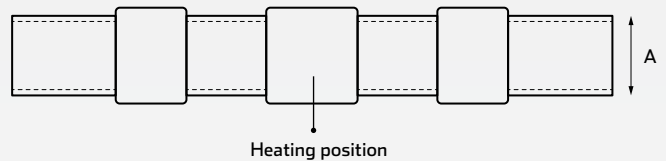

Narva's waterproof in-line solder joiners combines the use of a heatshrink and a low-melting point solder to create an in-line cable connection without the use of crimping. Easily applied with the use of any heating tool. Fully waterproof and insulated.

TECHNICAL SPECIFICATIONS

Auto Wire Size (A)

Insulation Colour	Auto Cable Size (mm)
Red Insulation	1.5mm - 2.5mm
Blue Insulation	2.5mm - 4.5mm
Yellow Insulation	4.5mm - 6.0mm

Dimensions & Applications

Simply position wires in the middle of the joiners and heat the joiners with a heating tool at the allocated position to shrink, melt and connect both wires.
